HARLEY-DAVIDSON WRIST WATCHES P/N #99350-85V AND P/N #99351-85V

Because of a chronic supply problem, we have decided to obsolete the Harley-Davidson wrist watches (Men's P/N #99350-85V and Women's P/N #99351-85V) as they appear on page 35 of the Fashions and Collectables catalog. We are presently very close to finding a new source for a similar product and are confident we will be better able to meet the needs of you and your customers in the near future. We hope to have the new watches in our line by Fall and will advise you as soon as they are available.

We hope this does not cause you any major inconvenience.

Thank you!
