## LICENSED DENIM JACKETS and JEANS

There is some confusion regarding the ordering procedure for licensed denim jackets and jeans.

A minimum of 6 garments must be ordered at one time. You can mix and match between the garments to arrive at the minimum order quantity of 6. The part numbers involved are:

| <u>Part Number</u> | <u>Description</u>                     |
|--------------------|----------------------------------------|
| 98538-89LP         | Blue Denim Chopper Jacket              |
| 98537-89LP         | Black Denim Chopper Jacket             |
| 98540-89LP         | Embroidered Blue Denim Jacket          |
| 98546-89LP         | Screened Blue Denim Jacket             |

| 98550-89LP         | Blue Denim Jeans                       |

Please advise your parts personnel of the ordering procedure so your denim order is not delayed.
