PAB# 413

\*\*\*\*\* IMPORTANT INFORMATION \*\*\*\*\*

## REMANUFACTURED HEAD ASSEMBLIES

16700-66WW	1200 CC, FRONT
16702-66WW	1200 CC, REAR
17160-81WW	1340 CC, FRONT
17161-81WW	1340 CC, REAR

Due to increased costs in manufacturing and less than expected return of cores, the following new price structure will be effective March 6, 1989.

Suggested Retail	\$299.95
Dealer Net	\$314.97
Core Credit	\$120.00

Actual Dealer Net  
(after core credit) \$194.97

NOTE: The return of cores is critical to the success of this program. Credit for 1200 cc cores will only be given on 1200 cc remanufactured head shipments. Credit for 1340 cc cores will only be given on 1340 cc remanufactured head shipments. All returned core credits are subject to verification of shipments. Therefore, a copy of the P & A invoice must accompany the return or NO CREDIT WILL BE ISSUED.

IN ADDITION, the following pricing will be effective March 6, 1989, on new heads with no lead seats.

17160-81	1340 CC, FRONT
17161-81	1340 CC, REAR

Suggested List	\$367.95
Dealer Net	\$239.17

## PRICE CORRECTION

Please make the following change in the March 6, 1989 Price Book on page 129.

Fuel Additive, Part Number 99893-86 shows a quantity price of \$1.75 for 48 or more bottles. This is in error and should be deleted. There is no price break on fuel additive. The correct price is \$2.10 net ea., regardless of the quantity ordered.

We apologize for this error and any inconvenience that it may have caused.
