MOTORCYCLE OIL PRICE INCREASE

Because of the crisis in the Middle East, raw materials have been driven up dramatically by the world marketplace.

Therefore, our supplier has found it necessary to increase motor oil prices to us effective August 15, 1990; and reluctantly we must do the same.

This price increase does not affect any orders that were placed prior to August 15, including all promotional orders placed at the Dealer Meeting that will be shipped in September. This is our way of saying thank you for your support of the promotion and a very successful Dealer Meeting.

Only those orders placed on August 15, 1990 and later will be billed at the higher price as follows:
