

Parts & Accessories Bulletin

July 8, 1992

PAB 494

This Bulletin is to notify all dealers that Battery Cable Part Number 70064-89 is obsolete. This cable was originally used on FXR and Softail models.

When servicing a vehicle that used this battery cable, use the appropriate battery cable listed below:

1989-1990 Softail Models

Positive Battery Cable, use 70653-90
Negative Battery Cable, use 70060-92

1991-1992 FXR Models

Positive Battery Cable, use 70060-92

Please note these part numbers in the appropriate Parts Manuals in your dealership. All other battery cable applications and fitments should be taken from the appropriate Parts Manual for the specific model and year vehicle intended.

If you have any 70064-89 battery cables in stock, please return them to Harley-Davidson under normal warranty procedures.
