PAB# 495

GENUINE PRIMED FIBERGLASS

Fiberglass Parts are available to you finished in primer and drilled to accept mounting hardware. FLT and FLHT model Tour-Pak Bottoms will come with the reinforcement plate riveted in and the side light wiring harness installed under the plate. All other hardware must be ordered separately or reused from the original part.

FXRT Saddlebags will not be offered due to the complexity of assembly and the limited demand.
