## Profile Low Front Suspension Kit Jiffy Stand Application

It has come to our attention that several dealers have been ordering the jiffy stand included in the Profile Low Front Suspension kits. At this time the Profile Low Front Suspension kits have not been shipped to dealers and the need for service parts should be zero.

The jiffy stand included with the Profile Low Front Suspension kits are designed solely for use with the appropriate Harley-Davidson Profile Suspension kits. Use of the jiffy stand in applications other than the intended application may affect jiffy stand operation. This could distract the rider, causing loss of control and personal injury.

The following is a list of the Profile Low Front Suspension kits and jiffy stand service part numbers effected by this bulletin.

Part Number	Service Part
* 54592-94 Profile Low Front Suspension XL kit, 1991-1996 XL Models except huggers and 1996 XL Custom Models.	50129-95 Jiffy stand assembly
