Screamin' Eagle Street Performance Tuner Manufacturing Programming Issue

Purpose

There was a manufacturing error involving the programming of some Screamin' Eagle Street Performance Tuner kits. The affected tuners were improperly programmed yielding them inoperable with the Street Performance Tuner PC software.

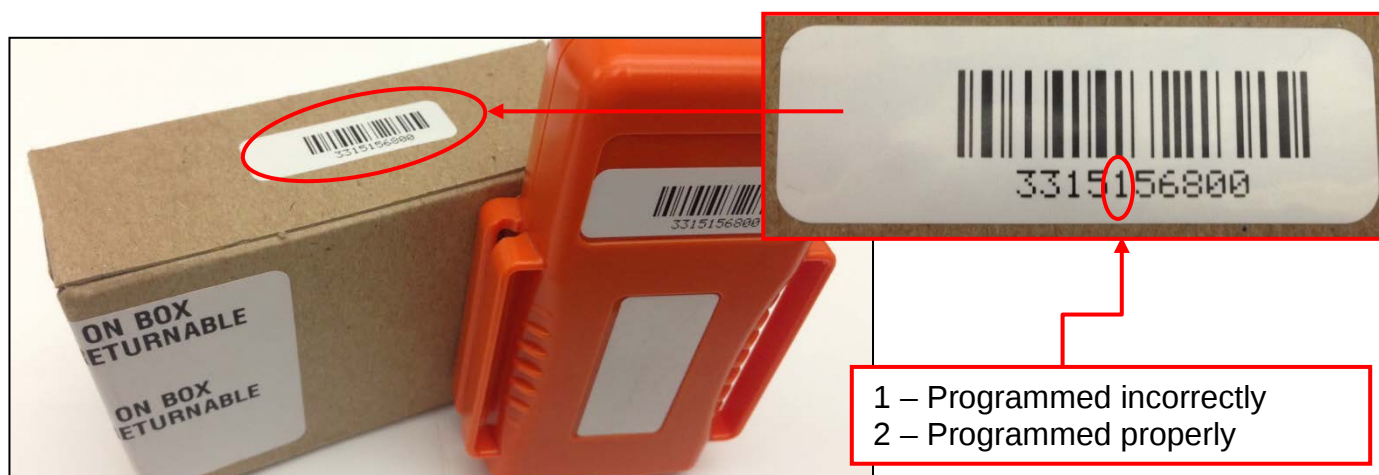

Parts Affected

41000008B - Screamin' Eagle Street Performance Tuner

- The affected parts can be identified by the serial number on the inner brown box and the packaged date on the white box.
- The affected serial number list can be found on page 2.
- The package date for the affected units is on or around 8/6/15.

Action Required

- **It is not necessary to break the seal on the brown box to check the serial number.** Check any inventory you have of Part No. 41000008B. The serial number label can be found on the inner brown box. Please see below for an example.
- Affected units have a "1" in the 5th digit of the serial number. See image below to identify the serial number location on the brown carton:

- If an affected unit is identified, please file a defective stock (DFS) warranty claim following normal claims processing procedures. Once the claim is approved, a call back label will be issued for the return of the part.

Questions

Please contact Technical Service with any concerns regarding application. Please direct all other questions to your Dealer Services Representative.
