PAB1063: SCREAMIN' EAGLE SMART TUNE PRO CERTIFICATION STATUS UPDATE

Purpose

- To notify dealers of unforeseen certification delays for the Smart Tune PRO module.

Summary and Parts Affected

Screamin' Eagle Smart Tune PRO - Automatic Tuning Module
- P/N **41000445**

- We have encountered additional delays in gaining 50-state U.S. EPA approval of the Screamin' Eagle Smart Tune Pro-Automatic Tuning. Gaining approval for an automatic tuning module of this nature is an industry first and has generated requests for additional information from the approving bodies. This is resulting in some un-planned delays in the approval process.
- We are confident that we will gain approval, however the additional testing and data collection required could delay approval to May 2017 or beyond.
- We will be forthright in communicating any changes in status as we become aware.

Questions

Please contact Technical Service with any concerns regarding application. Please direct all other questions to your Dealer Services Representative.
