PAB1100: TWIN CAM LONGBLOCK & WARRANTY ENGINE - PROGRAM UPDATES

Reason for Revision

Refer to Table 1.

Table 1. Document History

Date	Revision Description
2020-08-19	Parts availability
	* Summary and Parts Affected
2020-08-04	Initial release

Purpose for Parts and Accessories Bulletin

To inform dealers of certain twin cam longblock and twin cam warranty engines are no longer supported. Instead, shortblocks should be ordered where applicable.

Markets Affected

All markets are affected.

Key Message

The Milwaukee Powertrain Operations are not supporting certain twin cam longblock and twin cam warranty engines as of this date. Certain Harley-Davidson twin cam longblock and twin cam warranty engines are going obsolete. Some part numbers have a shortblock available for replacement. Where possible dealers can order the necessary shortblock and build the engine to customers needs.

Summary and Parts Affected

Twin Cam longblock & Twin Cam Warranty Engine Details:

- In Table 2 are various twins cams longblock and twin cam warranty engines which are going obsolete. Existing open dealer orders for these products are not being fulfilled. Dealers should instead order a shortblock, where applicable, and build out the engine using existing service sub-assemblies and/or accessory components.

Table 2.
