PAB1111: 2021 VEHICLES - SCREAMIN' EAGLE UPDATES

Purpose for Parts and Accessories Bulletin

To notify dealers of Screamin' Eagle® Street Tuner 49-State (only) calibrations for 2021 vehicles are now available.

Screamin' Eagle Smart Tune Pro Automatic Tuning Module is currently a no-fit for 2021 Softail, Touring, Custom Vehicle Operations (CVO) Touring, Police Touring or Trike models due to the 2021 Electronic Control Module (ECM) change. However, it will continue to work with 2021 Sportster models.

Markets Affected

All markets are affected.

Key Messages

- Screamin' Eagle Street Tuner 49-State (only) calibrations for 2021 vehicles are now available.
- Screamin' Eagle Smart Tune PRO Automatic Tuning Module is currently a no-fit for 2021 Softail, Touring, CVO Touring, Police Touring or Trike models due to the 2021 ECM change. However, it will continue to work with 2021 Sportster models. The Screamin' Eagle team is working on enabling this product to fit those Milwaukee-Eight® (MKE-8) equipped ECMs in the future.

Summary and Parts Affected

Screamin' Eagle Street Tuner Calibrations for Stage I-IV Kits

- Screamin' Eagle 49-State (only) calibrations are now available on all Stage I, II, III, & IV products for all 2021 models via the Street Tuner Application.
- For 2021, Screamin' Eagle was able to commonize Street Tuner calibrations for Reflex Defensive Rider Systems (RDRS) and Non-RDRS models. Instead of seeing two different calibrations in the application, there will only be one common calibration.

Screamin' Eagle Smart Tune Pro Automatic Tuning Module

NOTE

For the latest information regarding 2021 Harley-Davidson model fitment and application, see PAB1128 - Screamin' Eagle Smart Tune PRO Automatic Tuning.
